J. Wiese
managing director

A. Smink
head of service

Date of issue (dd.mm.yyyy): 12.05.2023

* Possible levels of competence for service personnel from d-i authorised service stations:

Level:	Trained to perform:
A1	Annual inspections of basic systems on: platforms, cargo ships, ferries, tugs. Excluded equipment: fast rescue craft davits, arctic/ice-classed davits, and systems equipped with USV
B1	Annual and five-yearly inspections of basic systems on: platforms, cargo ships, ferries, tugs. Excluded equipment: fast rescue craft davits, arctic/ice-classed davits, and systems equipped with USV
C1	Annual, five-yearly inspections, small repairs (no welding, no electric) and overhauls of basic systems on: platforms, cargo ships, ferries, tugs. Excluded equipment: fast rescue craft davits, arctic/ice-classed davits, and systems equipped with USV
D1	Annual, five-yearly inspections, major repairs (no welding, no electric) and overhauls of basic systems on: platforms, cargo ships, ferries, tugs. Excluded equipment: fast rescue craft davits, arctic/ice-classed davits, and systems equipped with USV
A2	Annual inspections of advanced systems on: platforms, cargo ships, ferries, tugs. Under the supervision of a d-i head office service engineer on: yachts, cruise, navy and special ships
B2	Annual and five-yearly inspections of advanced systems on: platforms, cargo ships, ferries, tugs. Under the supervision of a d-i head office service engineer on: yachts, cruise, navy and special ships
C2	Annual, five-yearly inspections, small repairs (no welding, no electric) and overhauls of advanced systems on: platforms, cargo ships, ferries, tugs. Under the supervision of a d-i head office service engineer on: yachts, cruise, navy and special ships
D2	Annual, five-yearly inspections, major repairs (no welding, no electric) and overhauls of advanced systems on: platforms, cargo ships, ferries, tugs. Under the supervision of a d-i head office service engineer on: yachts, cruise, navy and special ships

** as per level of competence*, following make and type of equipment may be serviced accordingly:

Basic systems:

Generally excluded: fast rescue boat davits, arctic/ice-class davits, and systems equipped with an USV (a non-hydraulic stored power system).

Make:	Type / Models:	Description:
d-i	C-F series	crane for freefall boat
d-i	C-S series	crane for boat handling
d-i	D-F series (free-fall only)	free-fall davit only
d-i	D-TF series	free-fall davit
d-i	D-FH/FG series	free-fall davit
d-i	D-RT series (roller track davit only)	roller track davit
d-i	D-FO series	fixed offshore davit
d-i	D-NP. series, excl. D-NP.MP and D-NP.SP series	normal pivot davit
d-i	D-BC series	boat davit
d-i	D-BR series	boat davit
d-i	D-CL series	rescue boat davit
d-i	D-CR series	rescue boat davit
d-i	D-NPS.SP series	rescue boat davit
d-i	D-SR series	rescue boat davit
d-i	D-RC series	raft handling davit
d-i	D-RB series	raft handling davit
d-i	RH series	rescue boat hook
d-i	OLH series	rescue boat hook
d-i	OLRH series	lifteraft hook
Sezamor	HS series	lifteraft hook
Palfinger	ARH and CAR series	lifteraft/rescue boat hook
T-ISS	PX series	lifteraft/rescue boat hook

Advanced systems:

Excluded: systems equipped with an USV (a non-hydraulic stored power system).

Included: all above make & types in arctic/ice-classed version, and in addition following types:

Make:	Type / Models:	Description:
d-i	C-L series	crane for freefall boat
d-i	D-CRm.FR series	fast rescue boat davit
d-i	D-CRm.MOR series	fast rescue boat davit
d-i	D-CRm.R.FR series	fast rescue boat davit
d-i	D-NPS.FR. series	fast rescue boat davit
d-i	D-NP.MP series	lifeboat davit
d-i	D-NP.SP series	lifeboat davit
d-i	D-NPS.MP series	rescue boat davit
d-i	D-WP series	lifeboat davit
d-i	D-FP series	lifeboat davit
d-i	D-ND series	lifeboat davit
d-i	D-TT series	lifeboat or rescue boat davit
d-i	D-RTT series	rescueboat davit
